

Professional Services with Competitive Pricing

One Stop Entertainment (OSE), has thousands of licensed music from the early 50's to the hottest tunes of today. Something for everyone! We have over 20,000 music videos and the list grows monthly. If you want, put together a playlist and we'll incorporate it into your evening along with requests from your guests. Let us pack your dance floor, add one of our professional DJ's/VJ's and you have the combination for a great evening of Fun and Dance!

OSE is AVLA Licensed. (Audio Video Licensing Agency)

Lighting Is The Key To Creating A Beautiful Atmosphere!

OSE specializes in highlighting the decorations that you'll be spending your hard earned dollars on. We'll work closely with your decorator to achieve the exact atmosphere you imagined. We'll spend the time featuring & up-lighting head table backdrops, your wedding cake, the candy and gift tables as well as any other decor your decorator may include in their package. Ceiling and wall up-lighting can transpose your venue into a glamorous atmosphere as shown above. You don't want to let all those beautiful amenities disappear into the dark when the lights go down! Christmas lights, while workable, don't do the job that production lighting is designed for!

OSE goes the extra mile by *Going Green* and being *ECO Friendly*. LED Lighting not only conserves energy but has the best effect for adding wonderful color to any venue. Besides the ambient and up-lighting services we offer, OSE will supply the newest in LED Dance Club lighting. We also have Lasers, Moving Heads, and Designer Vertical Trussing to add a *unique visual experience* to your evening. Include a quality sound system, with subs, and you're ready to boogie!

Note: Additional special effect and ambient lighting is available and will be discussed when confirming your wedding date.

Another thing that is very popular and adds closeness to the evening, is watching a slide presentation with various photos of the Bride & Grooms past and present. This gives family, friends and relatives a chance to reconnect, especially if the families have traveled long distances to be a part of your special day. OSE offers *multimedia services* such as projectors and screens to make this possible.

Always A Big Hit!

In our experience, your guests will often arrive at the reception an hour prior to the bride and groom, especially, if they're from out of town. OSE can fill that void by playing some relaxed *background music* that takes away the silence and allows your guests the opportunity to mingle and get reacquainted. If you wish, supply us with your music of choice. The relaxed atmosphere takes your guests mind off the *waiting factor* until the Bride and Groom make their Grand entrance.

We at One Stop Entertainment truly understand that this is the most important day of your lives. We listen closely to what you visualize and expect and we promise to give you exactly that. Take a look at two of our basic packages and then give us a call. We'll do our best to supply the services you request and fit it into your budget!
